REPORT.

OFFICE OF STATE LIBRARIAN, }
JACKSON, MISS., October 1, 1893. }

To His Excellency, John M. Stone, Governor of Mississippi :

SIR : Permit me to submit to you, and through you to the Legislature, the following report of the condition of the State Library, for the fiscal years 1892-'93, beginning January 1st, and ending September 30th respectively.

The number of volumes added to the State Library during the past two years has been as follows :

By exchange from other States.....	711
By exchange from the United States.....	400
By individual donations, books, pamphlets.....	167
By individual donations, newspapers.....	6
By purchase, miscellaneous books.....	34
By purchase, law books.....	187
From the State, bound volumes.....	130

Total additions.....1635

The appropriation of one hundred dollars per year for reference books, given by the last Legislature, has been judiciously expended. Encyclopedia Britannica, twenty-five volumes; Century Dictionary, six volumes, and Webster's International, all expensive books, were purchased. Double the amount could have been spent with advantage. It is to be hoped the Legislature of 1894 will give a generous appropriation for this department of the Library.

All money expended for the Library was for books, periodicals, stationary, express, money-orders, furniture, etc. The bills were submitted to, and inspected by the Supreme Court Judges, and the itemized account approved by the Trustees before the warrant was given by the Auditor. The vouchers are on file in the Auditor's office, and the receipted bills are in my possession.

The accompanying Appendix presents an itemized statement of the additions to the Library since my last report.

Respectfully submitted,

ROSA LEE TUCKER,
State Librarian.
